

Dear clients 😊🌸

To receive the automatic robot, Follow the below structure step by step 🤖

1. Enroll in Blazemarkets broker via the below link for registration

Click here :

<https://clients.blazemarkets.com/register/sub-ib/c60ba291-9f9c-49dc-af46-4b9e7188c4cc?demo=false&branchUuid=647817b9-ac10-4a6a-b369-9597939d7ae8>

In the below section of the main page, choose “open a live trading account “

Set the below details:

Meta trader 4

Account type= pro acc

Leverage = 1:200

Your account is ready now , just verify your Account . ✅

2. Deposit at least 500\$ to your account for starting the trading 🤖💰

3. Send your username and password of the live Account to the support team, this username and password is just used for activating the bot in VPS environment so should be different from your broker username.

( information of live trading account will be sent to your email address by the broker)

📌 You are the only one who can withdraw and deposit the money

Our only task is to active the bot for you 🧑🏻‍🔧 🤖

🔔 after bot activation, simply, go to the MT4 App, login to your Account with your username and password.

All the profit amount and robot functions can be seen here.

Feel free to ask any questions 🧑🏻‍🔧 ✅
